Career Opportunities

Alliance Precision Plastics is a progressive and growing company offering a wide range of challenging employment opportunities in the plastics injection molding field. These range from material handlers and process technicians, to more highly skilled project management, engineering and executive positions.

We offer excellent benefits which include medical, life insurance, 401-K savings plan and educational assistance programs. Competitive wages and a clean work environment makes Alliance Precision Plastics one of the best places to start your career.

**Alliance Precision
 Plastics is an Equal
 Opportunity Employer**
